

# CADDIES MADE EASY

## CADDIENOW *PREMIERE*

***We're changing the way you think of caddie programs.*** With CaddieNow *Premiere*, CaddieNow serves as a full-service employer for your caddie pool and fully customizes the program's policies and procedures to meet the needs of your club while minimizing liability and ensuring a high-quality member experience.

### LEGAL & LIABILITY SHEILD

As an independent third-party employer, CaddieNow protects the club against class action lawsuits, FLSA, wage & hour and injury-based liability.

### REDUCE RISK

Eliminates issues with potential undocumented workers, overtime, and workman's compensation rate increases.

### CADDIE MANAGEMENT DASHBOARD

Club staff can access a real-time, web interface with details on caddies, customers, ratings, open and filled caddie requests, and performance reports.

### ONBOARDING & TRANSITION

CaddieNow trains your staff and assists with onboarding your existing caddie pool while minimizing the disruption to the club and golfer experience.

### FREE UP STAFF TIME

Reduces the time your current 'caddie manager' spends managing the day-to-day responsibilities of a caddie pool (i.e. thousands of texts and calls, etc.).

### REGIONAL CADDIE SERVICES LEAD

A regional CaddieNow service lead supervises the program and manages day-to-day problem resolution.

### CADDIE SERVICE MANAGER

Clubs can keep their current Caddie Manager in place or CaddieNow can staff this position for an additional fee.

### CUSTOMIZABLE OPTIONS

CaddieNow works with each club to set service levels, pricing, booking procedures and payment options.

### INNOVATIVE TECHNOLOGY

CaddieNow's software management tool and mobile app provide a previously unattainable level of communication, real-time management and data capture to ensure a high-quality golfer experience and smooth service delivery.
